& repair costs

Rely

on our experts,
on your time

Protect your fleet tech from the start.

Rely on added expert care and support.

Avoid more future failures, unplanned downtime and costly repairs. Subscribe to Zonar Care for more peace of mind with added support and access to professional Zonar services.

Keep your fleet running smoothly, our technology performing as expected, and your service uninterrupted.

When you need help, call us to take care of it quickly, efficiently and thoroughly. Your technicians are free to focus on core maintenance requirements while our professionals perform installation, troubleshooting, repairs and training, with minimal disruption.

Zonar Care is designed with certain commercial fleets in mind.

- Have an ongoing need for fleet upgrades
- Need expert help troubleshooting an asset
- Consistently adding or swapping vehicles and assets
- Need assistance maintaining Zonar equipment
- Rely on fleet technology to ensure regulatory compliance

Protect compliance efforts.

If your fleet and drivers rely on technology for regulatory compliance, rely on Zonar Care in the event you need support to reduce the risk of non-compliance due to service interruptions.

Call in our experts on your time.

Your Zonar Care subscription includes four service visits per year. Each visit is a one-day (9 hours), onsite visit, during which our technicians will assist with certain professional services.

- Install Zonar TCUs, tablets, Zonar Z Pass® devices and other hardware.
- Swap Zonar hardware between assets.
- Replace or rewire cables.
- Troubleshoot assets.
- Train your technicians on best practices.

Use all four visits at once or over the course of the year. If you have other locations nearby, our technician can also visit those during the same visit.

Make the most of each visit.

We have one goal: deliver the best support and service to ensure your satisfaction. Our Zonar Care Project Manager will coordinate each visit directly with you ahead of time to minimize downtime and disruption for your operation.

- Schedule visits at your convenience.
- Outline the action plan.
- Solidify visit details.

Customer care is the most important service we offer. Zonar Care is one more way we show it.

Key features
