

Protect your trucking fleet's bottom line.

Enhance fleet health. Avoid preventable expenses. Streamline operations.

Keep your eyes on cargo.

- Track real-time location & unauthorized movement.
- Hidden, tamper-resistant Zonar V4 TCUs for truck tractors.
- Discreet Zonar ZTrak devices for trailers.
- ZTrak features an IP67-rated design & 10-year (1 or 2 reports daily) field-replaceable battery.

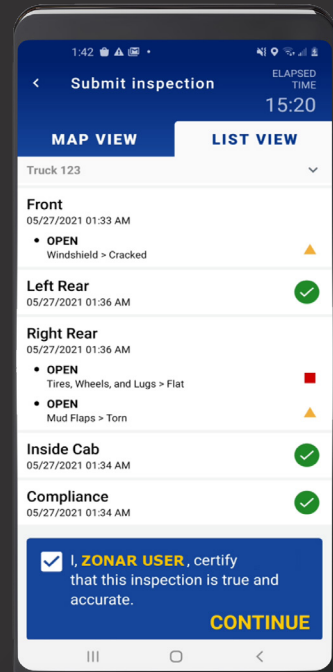

Uptime | Reliability | Compliance

Reduce violations, streamline inspections & protect vehicle health with electronic inspections.

Verify each inspection online & maintain DOT compliance, even over long distances.

Integrate with popular maintenance platforms to streamline work order processes.

Telematics

Driver Safety Scorecard

Zonar V4™

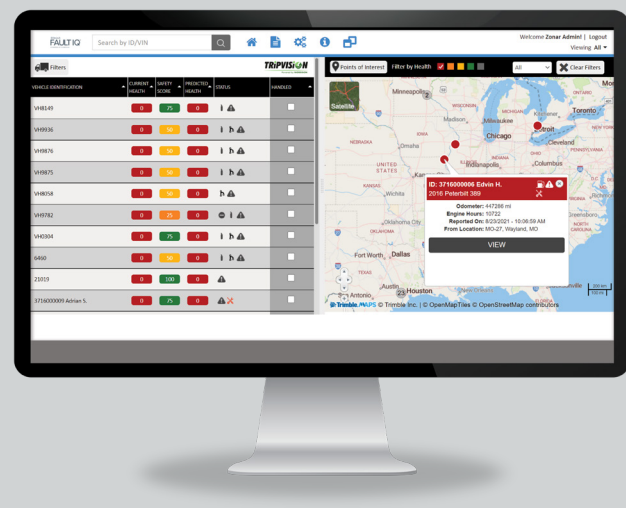

Capture real-time location, diagnostics & idling. Monitor & manage vehicle health.

Zonar ZTrak®

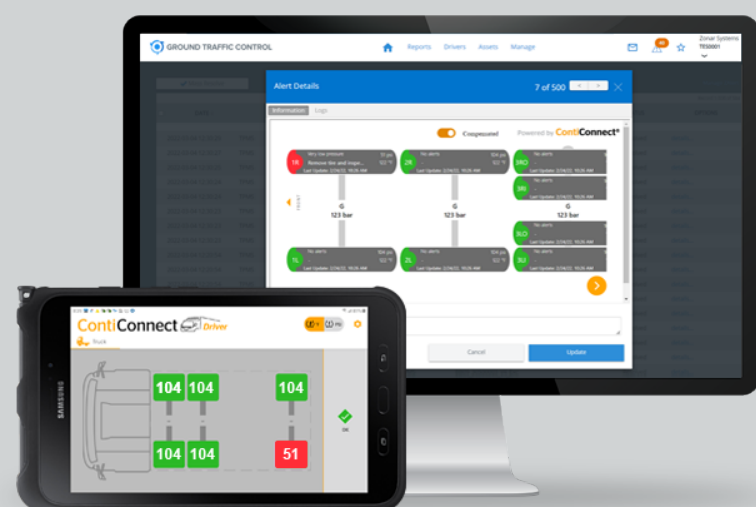

Track trailers online to maximize utilization & monitor movement.

Fleet health

Zonar FaultIQ®

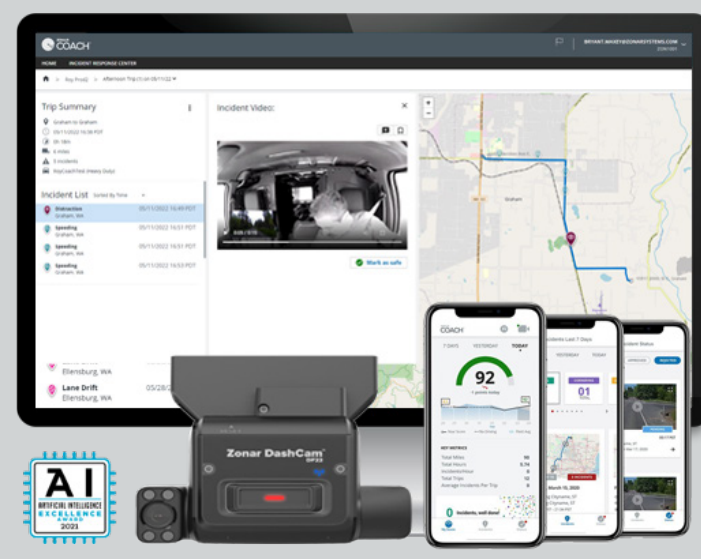

Pull fault codes from all major vehicle components & know what they mean.

ContiConnect Live Integrated

Remotely monitor each tire's temperature & pressure online, even in motion. Prevent tire failures & save on fuel costs.

Safety & Compliance

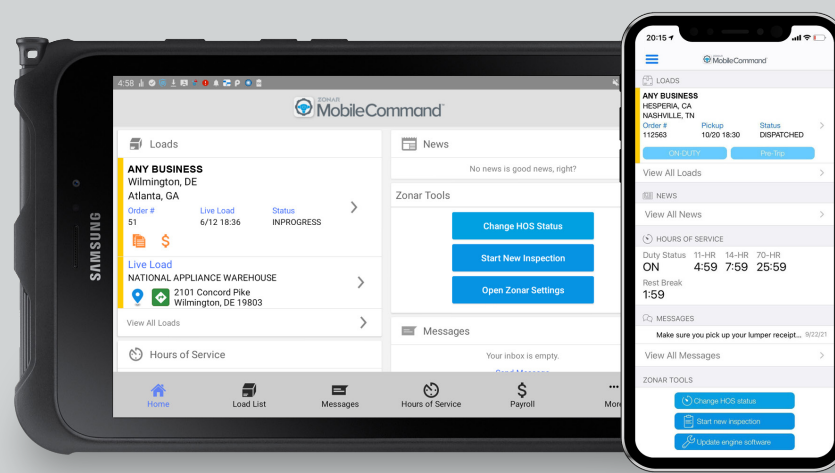

Zonar Coach™

View on-demand footage of what happened before & during an incident.

Zonar Logs™

Avoid violations & streamline roadside inspections.

Zonar MobileCommand™

Unify every driver tool with a single app they can access in & out of the cab.
